

Supplement 1 Somatische, psychiatrische en neurocognitieve comorbiditeit

Categorieën	Included disorders in English	Aandoeningen in Nederlands
Somatische comorbiditeit		
<i>Chronische hartaandoeningen</i> (inclusief aangeboren hartziekte, exclusief hypertensie)	heart failure, congestive heart failure, coronary artery disease, angina pectoris, myocardial infarction, cardiac arrhythmias, heart valve disease, ventricular hypertrophy	“hartfalen”, “decompensatio cordis”, “dec cordis”, “coronair lijden”, “atriumfibrilleren”, “AF”, “boezemfibrilleren”, “BF”, “myocardinfarct”, “mitralisinsufficiëntie”, “mitralisklepinsufficiëntie”, “kleplijden”, “hypertrofie”, “PTCA”, “angina pectoris”, “hartkatheterisatie”, “CABG”, “coronairlijden”, “myocard infarct”, “MI”, “PCI”, “dotteren”, “AP”, “aortaklepstenose”, “aortastenose”, “PTA”, “AV-blok”, “totaalblok”, “hartritmestoornissen”, “pacemaker”, “onderwandinfarct”, “voorwandinfarct”, “VW infarct”, “anteroseptaal infarct”, “AS-infarct”, “anterior infarct”, “posterior infarct”, “inferior infarct”, “septaal infarct”, “ACS”, “STEMI”, “Non-STEMI”, “NSTEMI”,
<i>Hypertensie</i>	hypertension	“hypertensie”
<i>Chronische longaandoeningen</i>	chronic obstructive pulmonary disease, asthma, pulmonary hypertension, cystic fibrosis, emphysema, bronchiectasis, chronic bronchitis, tuberculosis, sarcoidosis, obstructive sleep apnea	“fibrose”, “COPD”, “CARA”, “chronic obstructive pulmonary disease”, “emfyseem”, “bronchiëctasie”, “chronische bronchitis”, “pulmonale hypertensie”, “TBC”, “tuberculose”, “sarcoidose”, “sarcoïdose”, “OSAS”, “slaapapneu”, “obstructief slaapapneu”

<p><i>Nierziekten</i> (exclusief acute nierinsufficiëntie)</p>	<p>renal insufficiency, chronic kidney disease, kidney failure, nephropathy</p>	<p>“nierfalen”, "ernstige nierinsufficiëntie", “dialyse”, “nefropathie”, “nierfunctiestoornis”, "verminderde nierfunctie", "slechte nierfunctie", “nierinsufficiëntie”, “nierinsufficiëntie”, “chronische nierziekte”</p>
<p><i>Leveraandoeningen</i></p>	<p>liver failure, hepatitis, cirrhosis, portal hypertension</p>	<p>“leverfalen”, “hepatitis”, “levercirrose”, “portale hypertensie”</p>
<p><i>Chronische neurologische aandoening</i> (exclusief dementie)</p>	<p>Parkinson's disease, epilepsy, Huntington's disease, cerebral palsy, multiple sclerosis, amyotrophic lateral sclerosis, cerebrovascular disease, ischemic stroke, haemorrhagic stroke, acquired brain injury</p>	<p>“Parkinson”, “epilepsie”, “Huntington”, “niet-aangeboren hersenletsel”, “cerebrale parese”, “multiple sclerose”, “MS”, “amyotrofische laterale sclerose”, “ALS”, “ICH”, "intracerebrale bloeding", “hersенbloeding”, “subarachnoidale bloeding”, “intracerebraal hematoom”, “duraal hematoom”, “subduraal hematoom”, “subdurale bloeding”, “SAB”, “CVA”, “TIA”, “iCVA”, “beroerte”, “hersенinfarct”, "hersенinfarct", "intracerebrale bloeding", “stroke”, "cerebraal infarct", “hemiplegie”, “tetraplegie”, “hemiparese”, “hemibeeld”, “lacunair infarct”, “lacunaire infarcten”, “occipitaal infarct”, “hersенstaminfarct”, “staminfarct”, “media infarct”, “mediainfarct”, “cerebellair infarct”, “cerebrovasculair lijden”, “vertebrobasillair infarct”, “infarct linker</p>

		hemisfeer", "infarct linkerhemisfeer", "infarct rechter hemisfeer", "infarct rechterhemisfeer", "infarct LHS", "infarct RHS", "cerebrale infarcten", "pons infarct", "thalamusinfarct", "infarct thalamus"
<i>Oncologische aandoeningen</i>	carcinoma, sarcoma, leukemia, lymphoma, multiple myeloma	"Kanker", "maligniteit", "carcinoom", "sarcoom", "lymfoom", "metastase", "uitzaaiing", "chemo", "AML", "ALL", "leukemie", "CML", "CLL", "Hodgkin-lymfoom", "hodgkin", "multipel myeloom", "Kahler"
<i>(Ernstige) immuunstoornissen</i>	rheumatism, systemic lupus erythematosus, AIDS, HIV	"reuma", "reumatoïde artritis", "lupus", "systemische lupus erythematosus", "SLE", "AIDS", "acquired immune deficiency syndrome" "HIV", "human immunodeficiency virus"
<i>Obesitas</i>	obesity	"obesitas"
<i>Diabetes</i> (exclusief diabetes insipidus en zwangerschapsdiabetes)	diabetes	"diabetes"
Psychiatrische comorbiditeit		
<i>Angststoornissen</i>	generalized anxiety disorder, panic disorder, social anxiety disorder, phobia-related disorder	"Angststoornis", "paniekstoornis", "gegeneraliseerde angststoornis", "fobie", "sociale angststoornis", "straatvrees"
<i>Depressieve stoornissen</i>	depression, dysthymia	"Depressieve stemmingsstoornis", "depressie", "stemmingsstoornis", "affectieve stoornis",

		“dysthyme stoornis”, “dysthymie”, “unipolaire stemmingsstoornis”
<i>Bipolaire stoornissen</i>	bipolar disorder	“Bipolaire stemmingsstoornis”, “bipolaire stoornis”, “Manisch-depressieve stoornis”, “manie”
<i>Psychotische stoornissen</i>	schizophrenia, schizoaffectieve disorder, schizofreniform disorder, delusional disorder	“Psychotische stoornis”, “psychose”, “psychosen”, “psychoses”, “schizoaffectieve stoornis”, “schizofreniforme stoornis”, “schizofrene stoornis”, “schizofrenie”, “waanstoornis”
<i>Trauma- en stressgerelateerde stoornissen</i>	posttraumatic stress disorder, acute stress disorder, persistent complex bereavement disorder, attachment disorder	“Trauma gerelateerde stoornis”, “PTSS”, “PTSD”, “post traumatische stressstoornis”, “posttraumatische stressstoornis”, “acute stressstoornis”, “persisterende complexe rouwstoornis”, “hechtingsstoornis”
<i>Obsessief-compulsieve stoornissen en eetstoornissen</i>	obsessive-compulsive disorders, anorexia nervosa, bulimia nervosa, binge eating disorders	“Dwangstoornis”, “obsessieve compulsieve stoornis”, “OCS”, “obsessief-compulsieve stoornis”, “obsessieve compulsieve neurose”, “neuroses”, “neurosen”, “eetstoornis”, “anorexia”, “anorexia nervosa”, “bulimia nervosa”, “Binge eating disorder”
<i>Persoonlijkheidsstoornissen</i>	paranoid personality disorder, schizoid personality disorder, schizotypal personality disorder, antisocial personality disorder, borderline personality disorder, histrionic personality disorder, narcissistic personality disorder, avoidant personality disorder,	“Persoonlijkheidsstoornis”, “Paranoïde persoonlijkheidsstoornis”, “Paranoïdepersoonlijkheidsstoornis”, “Schizoïde persoonlijkheidsstoornis”, “schizotypische persoonlijkheidsstoornis”, “antisociale persoonlijkheidsstoornis”, “borderline persoonlijkheidsstoornis”, “theatrale persoonlijkheidsstoornis”, “histrionische

	dependent personality disorder, obsessive-compulsive personality disorder	persoonlijkheidsstoornis", "narcistische persoonlijkheidsstoornis", "narcisme", "ontwijkende persoonlijkheidsstoornis", "Vermijdende persoonlijkheidsstoornis", "afhankelijke persoonlijkheidsstoornis", "dwangmatige persoonlijkheidsstoornis", "OCPD", "obsessief-compulsieve persoonlijkheidsstoornis", "obsessieve-compulsieve persoonlijkheidsstoornis"
<i>Verstandelijke beperkingen</i>	intellectual disabilities	"LVB", "Verstandelijke beperking", "licht verstandelijke beperking", "Ernstig meervoudige beperking", "EMB"
Neurocognitieve stoornissen		
<i>Neurocognitive disorders</i> (excluding delirium)	mild neurocognitive disorder, major neurocognitive disorder, Korsakoff syndrome	"MCI", "mild cognitive impairment", "Korsakov", "Korsakoff", "uitgebreide cognitieve stoornissen", "amnestische syndroom", "neurocognitieve stoornis", "Dementie", "Alzheimer", "frontotemporale dementie", "frontotemporale dementie", "vasculaire dementie", "multi infarct dementie", "FTD", "LBD", "lewy body dementie", "lewy body", "Parkinsondementie", "parkinson dementie"
